

# Cordless Soldering Made Easier

New Portasol® Cordless Soldering Tool with Piezo Self-ignitor

Self Igniting

Cordless

Reliable Piezo Ignition

Super-fast Heat-up

Weller®

# Soldering Power in Your Pocket.

The new Portasol® cordless soldering tool from Weller® gives you the ultimate in portable power and convenience for all your soldering jobs. Slide the fuel button forward, press the piezo switch, and the tool's super-fast heat-up lets you melt solder in under a minute. The Portasol® cordless soldering tool is powerful too, adjusting from the equivalent of 25 to 75 watts for temperatures up to 850°F. Refueled with standard butane refills, the Portasol® unit lasts for up to an hour of continuous use. When the job is done, an automatic safety fuel cut-off is engaged as the cap is replaced. Portasol® by Weller®...completely portable soldering for the ultimate in convenience.
